Second: Mr. Voggenreiter

The motion passed by a unanimous vote.

3. ACTION MATTERS

a) Approval of Two Basic Ordering Agreements for Water Reclamation, Wastewater Treatment Plant and Laboratory Services

Mr. Dickey asked the Board to approve the resolution; he explained these are new Basic Ordering Agreements (BOAs) because Authority staff feels it is important to have experts at the wastewater treatment facility due to the specialized equipment and systems at the facility.
Motion: Mrs. Thomas Watson moved that the Prince William County Service Authority Board of Directors hereby approves the Basic Ordering Agreements for Hazen and Sawyer, P.C. and HDR Engineering, Inc. and authorizes the General Manager to execute the contracts.
Second: Mrs. Eagles

Discussion was held. Mr. Wiggins asked if these agreements are ID/IQ (indefinite delivery/indefinite quantity) contracts; Mr. Dickey noted they are the same as ID/IQ contracts that we call Basic Ordering Agreements. Mr. Wiggins also asked how many proposals were submitted; Dr. Mahieu stated staff received eight proposals. Mr. Wiggins asked if the multipliers included G&A (general and administrative [expenses]) and profit, and if it is peculiar that the G&A and profit was 2.9 [%] for each agreement; Mr. Dickey confirmed that the Service Authority negotiated the multiplier based on the firms’ audited overhead rate plus a reasonable profit. The Authority does have different multipliers for some contracts; however, staff attempted to keep these consistent.

The motion passed by a unanimous vote.

4. GENERAL MANAGER’S REPORT

a) Mr. Dickey reminded Board Members of the Water Art Invitational scheduled for Thursday, March 12, 2020.

b) Dr. Mahieu provided background and an after-action report on the Prince William County Police Department’s active shooter exercise which was held at the H.L. Mooney Advanced Water Reclamation Facility on Thursday, December 12, 2019.

c) Mr. Dickey advised the Board of an informal meeting staff held recently with the Commander of Marine Corps Base Quantico and the Mayor of the Town of Quantico. The Commander and Mayor were looking for ideas of how they can get better water service to the town. Mr. Dickey explained the Commander and Mayor asked if the Service Authority would consider taking over the town’s water system. Mr. Dickey noted staff may meet with state representatives to ask about grants or other forms of assistance the Town could use. He noted engineering and construction would cost approximately $10-15 million to connect the town to the Authority’s system (plus availability fees on top of that). Mr. Dickey reported the Authority’s Board had received similar requests in the past and it had decided against them. He reiterated that staff will look into other ways to help the Commander and Mayor find a solution.

d) Flyers from the Centers for Disease Control about actions to take for protection from the Corona Virus were provided to Board Members for their information.

e) Mr. Dickey noted copies of the Annual Customer Survey Results report would be handed out after the meeting; he welcomed Board Members to call Mrs. Nelson with any questions.

f) Mr. Dickey noted there was no need for a closed meeting.
