Mrs. Carlson thanked Mr. Dickey and the Board for their support and leadership. Mrs. Thomas Watson thanked Mrs. Carlson and her team for their work at the plant.

3. ACTION MATTERS

There were no action matters to review/approve at this meeting.

4. DISCUSSION

a) Collection Policy: Mr. Dickey advised that staff recommends the Service Authority reduce the current tenant advance payment fee (deposit) from $250 to $200 and refund the $50 difference to tenant customers who have deposits with the Service Authority. Mr. Dickey provided some history regarding deposits and liens. Mr. Wiggins advised he researched the Code of Virginia and it does not require water and sewer agencies to pay interest on deposits like other utilities. However, Mr. Wiggins would like the Authority to pay interest on deposits. Discussion was held. Mr. O’Meara asked if the interest payments could be provided in the form of a credit to the customers’ accounts. Mr. Ruecker asked what the personnel costs would be to maintain a policy regarding paying interest on refunds. He also asked what the Authority spends each year to lien properties; Mr. Dickey advised the Authority spends approximately what it collects through the lien process. Mrs. Nelson asked to return to the next Board meeting with more information on how interest could be processed in the billing system and the associated cost.

Motion: Mr. Wiggins moved that the Prince William County Service Authority Board of Directors hereby directs staff to reduce the advance payment fee for tenants from $250
to $200, and to reduce the existing advance payment fees held by the Service Authority to $200 and issue a credit on the affected customers’ accounts as soon as feasible.

Second: Mr. O’Meara

Mr. Wiggins noted that he made the motion with the understanding that staff will explore paying interest on the deposit refunds.

Ayes: Wiggins, O’Meara, Allen (via telephone), Eagles, Kooyoomjian, Ruecker (via telephone), Thomas Watson (via telephone), Voggenreiter

   b) **Update on Occoquan Forest Wastewater Treatment Plant**: Mr. Dickey noted the Authority has an agreement with Prince William County (PWC) to turn the site over to PWC after the Authority closes the site. He explained that PWC used its credits with the Authority to purchase the site. Mr. Pannell provided a brief update and noted it will take approximately one month to complete contract work.

   c) **Status of Master Plan and Water Supply**: Mr. Pannell provided an update on the progress of the Master Plan. The contractor, Brown and Caldwell, has begun the work. Mr. Pannell will brief the Board again in the spring. He noted the planning forecast goes as far as the PWC Comprehensive Plan (to 2045).

   d) **COVID-19 Response Update**: Mr. Dickey advised service disconnects and late fees remain suspended until further notice. Staff is awaiting guidance from the legislature regarding further suspension of disconnects as well as the requirements for payment plan programs. The Authority continues to issue customer credits and will be complete by the end of October. Staff has received feedback from approximately 130 customers who are grateful for the credit. Employee safety during the pandemic remains a priority.

   e) Mr. Dickey advised copies of the Authority’s FY2020 Accomplishments Report will be provided to Board Members after the meeting. He is very proud of the work all staff does.

   f) Mr. Dickey stated the presentation by Segal, Inc. on the FY20 Total Compensation Study was moved to the November 12, 2020 Board meeting.

   g) Mr. Dickey stated a closed meeting is needed.

6. **ATTORNEY’S TIME**

   Mr. Viani confirmed a closed meeting is needed under Code of Virginia § 2.2-3711A6, Public Procurement; and § 2.2-3711A7, Litigation.

7. **CONSIDERATION OF MATTERS PRESENTED BY MEMBERS**

   Mr. Allen thanked Mr. Pannell for providing information regarding the Heritage Hunt project.
Mrs. Thomas Watson noted she emailed Board Members information regarding PoliHire (recruiting agency) and the General Manager recruitment. She expects another update next week and will share it with Board Members. Chairman Kooyoomjian advised the Board will likely have a special work session (or more) later regarding this matter.

Mr. Wiggins advised the Compensation Committee will hold a virtual online organizational meeting/work session the week of October 19 (the date is yet to be determined). Chairman Kooyoomjian noted the committee members are Mr. Ruecker, Mrs. Thomas Watson, Mr. Voggenreiter, and Mr. Wiggins. He asked that Mrs. Nelson and Mrs. O’Quinn serve as resources to the committee. Mr. Wiggins stated he would like for the Segal Inc. report, working papers and all data collected by the consultant distributed to committee members prior to the meeting.

Mr. Voggenreiter congratulated Mooney staff on the NACWA award.

Mrs. Eagles added her congratulations to the Mooney staff. She also mentioned an article she read in Consumer Reports magazine on safe drinking water.

Mr. O’Meara thanked Conrad Holtslag, Utility Inspections Manager, for the ride-along on September 24. He also thanked Mr. Dickey, Mr. Pannell and staff for providing his tour of the plant on September 30. Mr. O’Meara apologized for not having the draft Bylaws ready for this meeting; he will bring it to the Board as soon as possible. Referencing the September 10, 2020 Board meeting minutes, he asked Mrs. Thomas Watson to provide the ratified contract with PoliHire to Board Members; Mrs. Thomas Watson agreed to forward the contract to the Board. Mr. O’Meara advised that while he is sad to see Mr. Dickey retire, he has full confidence in the organization Mr. Dickey has built over the past 15 years; he is excited to see new leadership at the Service Authority and having it continue to function at a high level, and is happy to be a part of it.

Dr. Kooyoomjian shared his congratulations to the plant and to all staff for their work in keeping the Service Authority as a high performing organization. He noted the Federal Water Quality Association (FWQA) [and Authority staff] will hold a virtual tour of the plant on Thursday, October 29. He thanked Mr. Keenan Howell for his help preparing the meeting flyer and all staff who are involved with the event. Dr. Kooyoomjian advised he was pleased to see that a Memorandum of Understanding will be created between the Service Authority and the PWC Industrial Development Authority to use PWC credits for economic development. He asked Board of County Supervisors Chair Wheeler to consider setting up a revolving fund as well so PWC’s credits will not be depleted. Dr. Kooyoomjian also thanked Mrs. O’Quinn and staff for preparing/sending the letter to Delegate Luke Torian.

Mr. Wiggins asked when the Service Authority issued nutrient credits to PWC for stormwater management. Mr. Dickey stated the Authority gives its required regulatory report at the end of the calendar year and credits are issued the following year. Mr. Wiggins stated his strong opposition to giving PWC credits. Mr. Dickey noted staff will bring the county’s next request for nutrient credits to the Board for consideration before providing the credits to PWC.
8. **ADMINISTRATIVE REPORTS**

Mr. Wiggins noted revenue is 17% above what staff anticipated at this point; he also noted expenses are 19% under what staff anticipated spending, so there is a 36% delta. He asked someone to explain the difference. Mr. Beefelt explained that every year, revenue is dependent on the summer weather, which can have an effect on the water sales during those months. This July the Authority had higher consumption and higher revenue than anticipated due to hot, dry weather. Therefore, revenue exceeded what is normally seen in the first two months of the fiscal year. Mr. Beefelt added it is not uncommon for expenses to be low during the first quarter of the fiscal year and then increase during the year. Chairman Kooyoomjian asked Board Members to provide any other questions they may have on the Administrative Reports to Mr. Dicke for dissemination to the appropriate staff member.

9. **CLOSED MEETING**

Chairman Kooyoomjian announced a closed meeting at 8:03 PM to discuss Public Procurement under § 2.2-3711A6 and Litigation under § 2.2-3711A7, and requested a motion for same.
