Mr. O’Meara also asked about Stafford County testing for COVID-19 in wastewater. Mr. Dickey explained Stafford County is participating in a group study managed by an outside agency; the Authority was not approached or asked to participate in this study.

Mrs. Eagles stated she is impressed with everything employees are doing to remain active and working, especially the Communications staff. She asked if customers are aware of the Authority’s TAP (Temporary Assistance Program) fund; Mr. Dickey responded that the TAP program is promoted on the Authority’s website, in bill inserts, and via customer service agents to customers.
Mr. Wiggins thanked Board Members for their edits on the Compensation Committee Charter, which he incorporated into the document. Mr. Dickey noted copies will be provided tonight.
